### Washtenaw County Eviction Cases

On March 20, 2020, Governor Whitmer signed an executive order (EO) that stops residential evictions in Michigan during the COVID-19 (Coronavirus) emergency. This order is in place through April 17, 2020 at 11:59 p.m. There is an exception that allows for the removal of tenants if they pose a substantial risk to another person or an imminent and severe risk to property.

Washtenaw County courts have also put a hold on all eviction cases. The following courts are freezing all current and new cases until the following date:

Court	Area Covered	Moratorium Until:
15 <sup>th</sup> District	City of Ann Arbor	April 21, 2020
14B District	Ypsilanti Township	Further notice
14A District	Remainder of Washtenaw County	April 13, 2020

<sup>1</sup> Ann Arbor Township, Augusta Township, Pittsfield Township, Salem Township, Superior Township, Village of Barton Hills, City of Ypsilanti, Bridgewater Township, City of Saline, City of Chelsea, Saline Township, Dexter Township, City of Dexter, Scio Township, Freedom Township, Sharon Township, Lima Township, Sylvan Township, Lodi Township, Lyndon Township, Village of Manchester, Manchester Township, Webster Township, City of Milan.

This means that there will be no evictions ordered and no eviction case hearings until the holds expire. This also means that, in most cases, your landlord cannot use a court order to physically remove you or your belongings from the property until after April 17, 2020.

Once the courts resume, you will get a notice from the court with your new hearing date. You can also call the courts or check their websites if you have questions:

- [15th District Court](#) (City of Ann Arbor) - (734) 794-6750
- [14B District Court](#) (Ypsilanti Township) - (734) 483-5300
- [14A District Court](#) (remainder of Washtenaw County) - (734) 973-4545

On March 23, 2020, the Michigan Supreme Court issued an order extending the time to respond to complaints filed during the state of emergency until after the state of emergency is lifted by the Governor. This gives you extra time to respond if an eviction case was filed against you after March 10, 2020.

Finally, on March 27, 2020, President Trump signed the CARES Act into law. This law prevents many, but not all, landlords from filing new eviction cases for non-payment of rent or charging late fees for 120 days from the effective date of the Act. That means many landlords will not be able to file non-payment eviction cases or charge late fees until July 25, 2020. Even then, they will have to send you a 30-day notice before filing an eviction case. These protections apply to you if:

- You have a housing choice (Section 8) voucher;
- You live in a federally subsidized housing, such as public housing, project-based subsidized housing, and housing through the low-income housing tax credit (LIHTC) program; or,
- Your landlord has a mortgage on the property that is in any way “federally backed.” This means you are protected if your landlord’s mortgage was made, insured, or guaranteed by a federal agency or even if the mortgage has been purchased or securitized by Fannie Mae or Freddie Mac.

These moratoriums do not release you from any obligation under your lease. This means **you still owe your landlord any rent that becomes due during this period**. While your landlord can’t file an eviction now, after the emergency passes your landlord can either start or continue your eviction case.

If your landlord is still trying to evict you during this time, call Legal Services of South Central Michigan (LSSCM) at (734) 665-6181 and leave a message.
